REMARKS

Reconsideration and allowance of the above-referenced application are respectfully requested.

In the Advisory Action dated September 27, 2005, the Examiner asserted that the term "adapted" still existed in claim 1, and as such certain subject matter in the claim was not considered as a limitation. Also, with respect to claims 1 and 11, the existing claim language was not believed to be sufficiently distinct, and the Examiner did not act upon Applicant's suggestion to amend claims 11 and 16. Accordingly, in an effort to expedite prosecution of this application, Applicant has amended Claims 1, 11 and 16, thereby overcoming the noted objections. As such, the language in the claims is believed to distinguish over the cited reasons for the reasons set forth in the previous amendment. As such, all claims are believed to distinguish the references of record and are in a condition for allowance.

All objections and rejections having been addressed, and in view of the foregoing, the claims are believed to be in form for allowance, and such action is hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, he or she is kindly requested to contact the undersigned at the telephone number listed below.

Date: October 3, 2005

Respectfully submitted,
